The Class of '86 would like to **DEDICATE** their yearbook to two of their lost friends:

Tessie Davis was a warm, loving individual who was more than willing to help those in need of guidance. Mr. Jones, a close friend of Miss Davis; spoke of her fondly. She was a very religious individual who held a strong faith in God. She was sensitive to the needs of others and especially close to her parents. Miss Davis will be sadly missed by all who knew her. May God bless her.

Falguni Vaidya, an Indian girl of Overbrook Senior High School, brought laughter to all of her friends. She was always cheery and had a smile on her face. Her untimely death shocked all of her friends and left an empty spot in their hearts.

Fal was a hard worker. When she set her mind on something she didn't stop until it was completed. She was ambitious and displayed initiative. She always liked to go out and have a good time.

School Staff Facilitates Learning!

"The Chief Administrator Enjoys His Pipe While He Works!"

Various teaching methods have blended together to produce an effective curriculum here at Overbrook. Many teachers here have developed teaching methods that are very effective at holding the student's interest while thoroughly implanting the information. The personalities of our teachers helps to make learning fun. Some are easy-going and tend to guide, some have a firm hand; but all are effective in their job.

The administration also aids the students in their endeavors at school. Guidance counselors help all students in their career choice, while firm but understanding discipline by the administration keeping things in line. The staff here at Overbrook really care about the student body as individuals; we are lucky to have them!

Mr. Harmelin, our school principal, has only been with our school system since December of 1985. Previous to this he was employed by Camden City Schools for twenty years. Mr. Harmelin has worked as a teacher of English as a second language, Elementary principal and Junior High principal before he came to our school.

As the principal, he is responsible for all aspects of the school program. Hiring teachers, evaluating staff, budgeting for all activities, maintaining an orderly and comfortable environment for everyone, and course offerings are his main tasks. He keeps the school running.

In the future, he wants to see Overbrook and its students ranked Number 1 in South Jersey for their academic achievements, athletics and the quality of their programs, both academic and vocational. He wants every student at Overbrook to have a sense of pride in their school and in themselves.

Mr. Burns is our Vice Principal in charge of grades 11 and 12. He is also the supervisor for the Social Studies department. He has been with our school system for more than thirty years. Before becoming a vice principal he was a teacher of English and Social Studies and a supervisor of instruction.

Mr. Burns would like to reestablish Overbrook's interest in true academic achievement. He would also like to make more students aware of their intellectual potential and then inspire them to do something about it.

Mr. Levak is one of our very valued Vice Principals. He is in charge of the ninth grade. He is there to advise, guide and discipline them.

Mr. Daniel Borelli, our Vocational Director for 16 years, will be retiring after many years of dedicated service. Mr. Borelli has been in the district for 28 years and was an Industrial Arts teacher at Edgewood before coming to Overbrook. He was also the CIE Coordinator for one year at Overbrook.

Mr. Borelli can be credited with the introduction of high technology into the vocational areas. The change will be seen sometime in the 1986-87 school year.

After retirement, he plans to do part time employment in banking or insurance. Also, he will be gardening and winemaking at his vineyard, two of Mr. Borelli's favorite pastimes. Mr. Borelli says that the most important thing will be using his time to play with his grandchildren.

On behalf of Overbrook, we the L Agenda Staff would like to thank Mr. Borelli for his many years of service and wish him much luck and happiness in the future.

Mr. Fitzpatrick is our athletic director. He handles all of the gym classes and sports teams for our school. He sets up schedules, arranges buses, and arranges banquets.

Mrs. Jean Moore retired this year after 17 years with our school. She completed working papers for students, operated the phone lines and greeted visitors. She was a valuable asset to our school system and many hated to see her retire.

Freshmen Adjust Well

Freshmen at work

Overbrook Senior High School: This year's Freshmen, the class of '89, have found the adjustment from Junior High to High School a difficult but rewarding experience. Moving up to a new school is a difficult transition. Many upper-classmen help and some make it tough, but all in all this first year has been fun.

Being the biggest Freshman class to come to Overbrook, they are a class of varied talents. The multitude of personalities, meshed together to form the class of '89, provides Overbrook with Freshmen to be proud of.

School spirit is up among the entire school, due partly to the enthusiasm of the Freshmen. The Frosh sports teams have done well and participation in school activities is definitely on the rise for Freshmen. Overall, the class of '89 has been ambitious

Mrs. French, the freshmen class advisor, says that she also enjoys being involved in the non-academic activities of the freshmen. Being class advisor, she becomes involved with her students outside the classroom and gets to know those students who are not in her classes. She guides them in electing officers, raising money, and planning social and cultural events. She believes the freshmen to be an energetic, enthusiastic group to work with

SOPHS GET DOWN TO BUSINESS

A Sophomore diligently prepares his masterpiece

Overbrook Regional High School After a year of fun and games, the class of '88 is finally settling down. They are organizing more activities as a whole and maturing into upperclass men as individuals.

The Sophomore year is a difficult one. It is a year of transition from freshmen to upperclassmen. This Sophomore class is doing it with style. They are still having fun, but are not as wild as their freshman days.

One activity of class of '88 is the Sophomore Cotillion. They are handling the organization of this activity fantastically! The cotillion was a fun event for all.

Mr. Peddle has been a *class advisor* for nine years. His job consists of earning money for the treasury and in helping plan dances. Some students help him with these tasks. Angela White, the president, Rose Villa, the vice-president, Vanessa Suckle, the secretary, and Kim Lorraine, the treasurer are a few such students. They work as a group to plan their fund raising and other events. Mr. Peddle enjoys working with the students outside of the classroom environment.

JUNIORS, ONE MORE YEAR!

That's right, Juniors are number one!

The soon-to-be seniors of the class of '87 are waiting anxiously for their senior year to begin. The one year they have waited for since high school began will soon be here!

A major event in the Junior year, the Junior-Senior Prom is traditionally organized by the Juniors. Varsity Queen, a competition among Junior girls, is also an important part of the third year of high school.

As the Junior year begins, becoming Seniors seems so far away. But as June approaches, the privileges of Senior dom quickly draw near. Hang on guys, only one more year to go!

Mr. Rob — class advisor

"Being class advisor, I get to participate in student activities. Plus I don't have a homeroom. There's no great reason for me being class advisor. The students needed one so I said I would." A direct quote from none other than Mr. Rob

As president of the Junior Class, Tracy McGuire has many responsibilities. Not only do her and the officers plan the prom but they do fundraisers and have a lot of fun. Participation In School Athletics Is UP!

With the addition of a new sport and increased participation, the athletic department at Overbrook is progressing. This year, our teams have done well. The enthusiasm of the athletes is even more promising. They are eager to play and willing to put in the long hours of practice.

Girls' Soccer was played for the first time at Overbrook this year. The girls were anxious to participate in this new sport. As in many of the sports, good athletes were in abundance. Promising young athletes will hopefully fill the shoes of the fine players leaving us. The coaches will have to work hard to live up to this year's performance in years to come.

TEAM-WORK MAKES THE DIFFERENCE

The Overbrook Rams Football Team topped off a winning season with a spot in the playoffs. A spot they would never have received if it were not for one thing, teamwork. Teamwork, a word

that signifies the joining of diverse personalities into one single entity. A word that can erect a building or crumble a mountain. It is the vital artery that makes a team pulse with life.

The Freshman Boys' Soccer team suffered through a 1 win 14 loss 1 tie season but showed vast improvement in competing with the soccer oriented schools toward the end of the year. In our division we play each school twice and in the beginning of the year we would lose badly. Toward the end of the year teams that had beaten us by eight goals were beating us by two or three goals. Hopefully, our freshman players will work hard this summer so that they can beat these strong soccer schools next year.

Also, one of our cheerleaders was nominated to compete as Miss All-American. Summer Camp is very educational and a lot of fun. Special thanks to Mr. Poaches for all your support.

CLUBS EDUCATE BEYOND CLASSROOM

The various clubs here at Overbrook help to educate students in subjects you can't find in the classroom. The self-government within some clubs help to build leadership qualities among student leaders. The many field trips allow students to travel and experience life outside of school while they are learning. The students have fun and are educated at the same time. Many of the lessons learned just can't be taught anywhere else.

RUNNERS

Being an aide is a challenge. It takes a special person to be an aide. They help guidance, the nurse, the library, and the office. They take one period out of their day just to help. Sometimes they don't get the appreciation they deserve because, without them, what would school be like? Next time you see an aide, thank them for all they do!

LIGHTS! CAMERA! STAGE CREW!

Who are the people we don't see but control our lights and cameras? AVA and STAGECREW, that's who! They control our lights, curtains, and stereo equipment in the auditorium and our audio and visual equipment in the classroom, such as televisions, tape recorders, and film projectors. They are vital parts of our educational system so, let's give them a BIG HAND!

Senior Section

Legend is a club that meets quite often at various times during the day in many unique places. The job of creating a yearbook is never finished until you are a senior and graduate and even then it doesn't end until August. It takes hard work and much dedication. We don't get any respect but our reward comes when the book is finished and is handed out. Then it is all worth it.

ACTIVITIES MAKE EDUCATION FUN

Mr. Lu overlooks the Christmas Assembly

The activities which many students participate in here at Overbrook help to make learning fun. These include Varsity Queen, the Christmas assembly, band and choral events, and a host of other student activities

The teachers who organize and advise the students in these school sponsored events deserve some of the credit. It takes hard work by both student leaders and faculty advisors to make these special events enjoyable. The students who participate in these activities are also responsible for a very successful year of activities

People sharing the gift of life — that's what donating blood is all about. Twice a year Overbrook encourages students and teachers to participate in the blood drive held in the school's gymnasium. The enthusiastic participation in the Red Cross blood drives by Overbrook students and faculty is something the school can be proud of

JUNIOR MISS

The competitors for this years Junior Miss competition were Bonnie Birchall, Lisa Cotter, Mary Warren, and Barbara Nean. The areas that they were judged in were academic achievement, talent, and how they presented themselves. When asked how she felt after winning, Barbara Nean said "IT felt good I really learned a lot by winning"

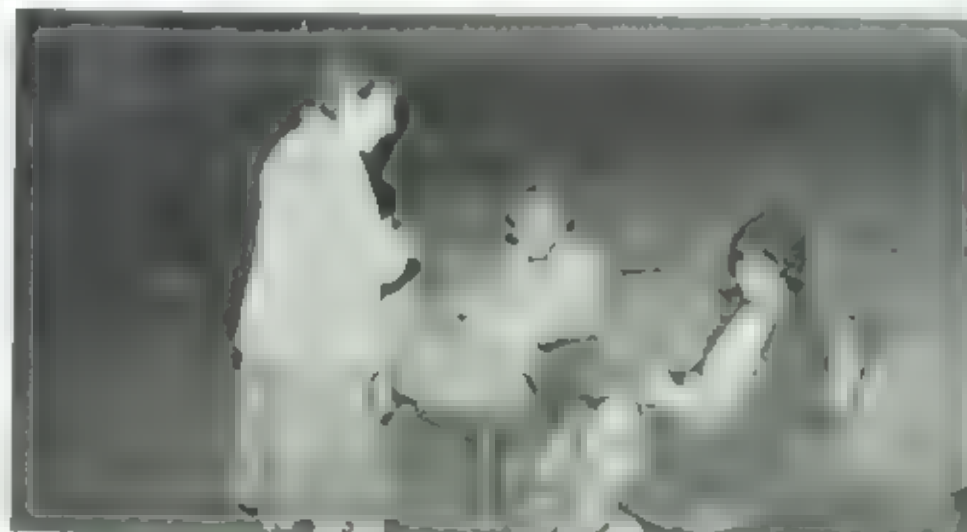

The judges for this contest were Mrs. Woidill, Miss Scepansky, Mr. Lubermersky and Mrs Phillips

On November 30, 1985, Barbara represented our school in the Camden County Junior Miss Program at Haddon Township High School

A SALUTE

Members of the JROTC of Overbrook

On Friday, March 7, 1986, the JROTC cadets of Overbrook Sr had a memorial service for the deceased astronauts of the Space Shuttle Challenger. The service included an invocation, a few remarks from the instructor and last but not least, a fitting tribute to the brave astronauts who gave their lives for the benefit of mankind. Active personnel from Fort Dix, N J gave a 21 gun salute as the final tribute.

CHARITABLE BASKETBALL GAME

Barth takes a shot

Disc Jockeys from WDAS radio challenged some of the teachers and students to a basketball game here at Overbrook to raise money. Ms. Braxton and the Overbrook Pep Squad organized the game. The students and teachers who didn't play enjoyed watching this celebrity game.

ANNOUNCING . . . VARSITY QUEEN

The winner is

(L to R): Joanne Kurtz, 4th runner up, Nancy Huettnier, 1st runner up; Jane Moxford, Varsity Queen, Jeanie Eddis, 2nd runner up, Deanna Self 3rd runner up

Varsity Queen is a competition among Junior girls. They compete for the prestige and honor of being the Varsity Queen. This event is more of a learning experience for the girls than anything else. They are in competition with their friends and classmates, yet before and after the judging, they are eager to help one another. In this contest, everyone is a winner.

SOPHOMORE COTILLION

Mr. Fean "kicks it out"

Say "cheese!"

This has been the first time in many years that the Sophomore Cotillion was held. It was a night of remembrance for those who attended. There was eating and dancing. Everyone had a great time. The work that was put into the Cotillion was deeply appreciated. Special thanks to Mr. Peddle — there would not have been a Cotillion without you.

DRAMA

Students interested in drama gave excellent performances of the play "The Lottery." It was performed for students during school and for parents, students, and administration at back to school night. The play is about a strange lottery in which the winner loses — he or she gets killed.

FRESHMEN DANCE

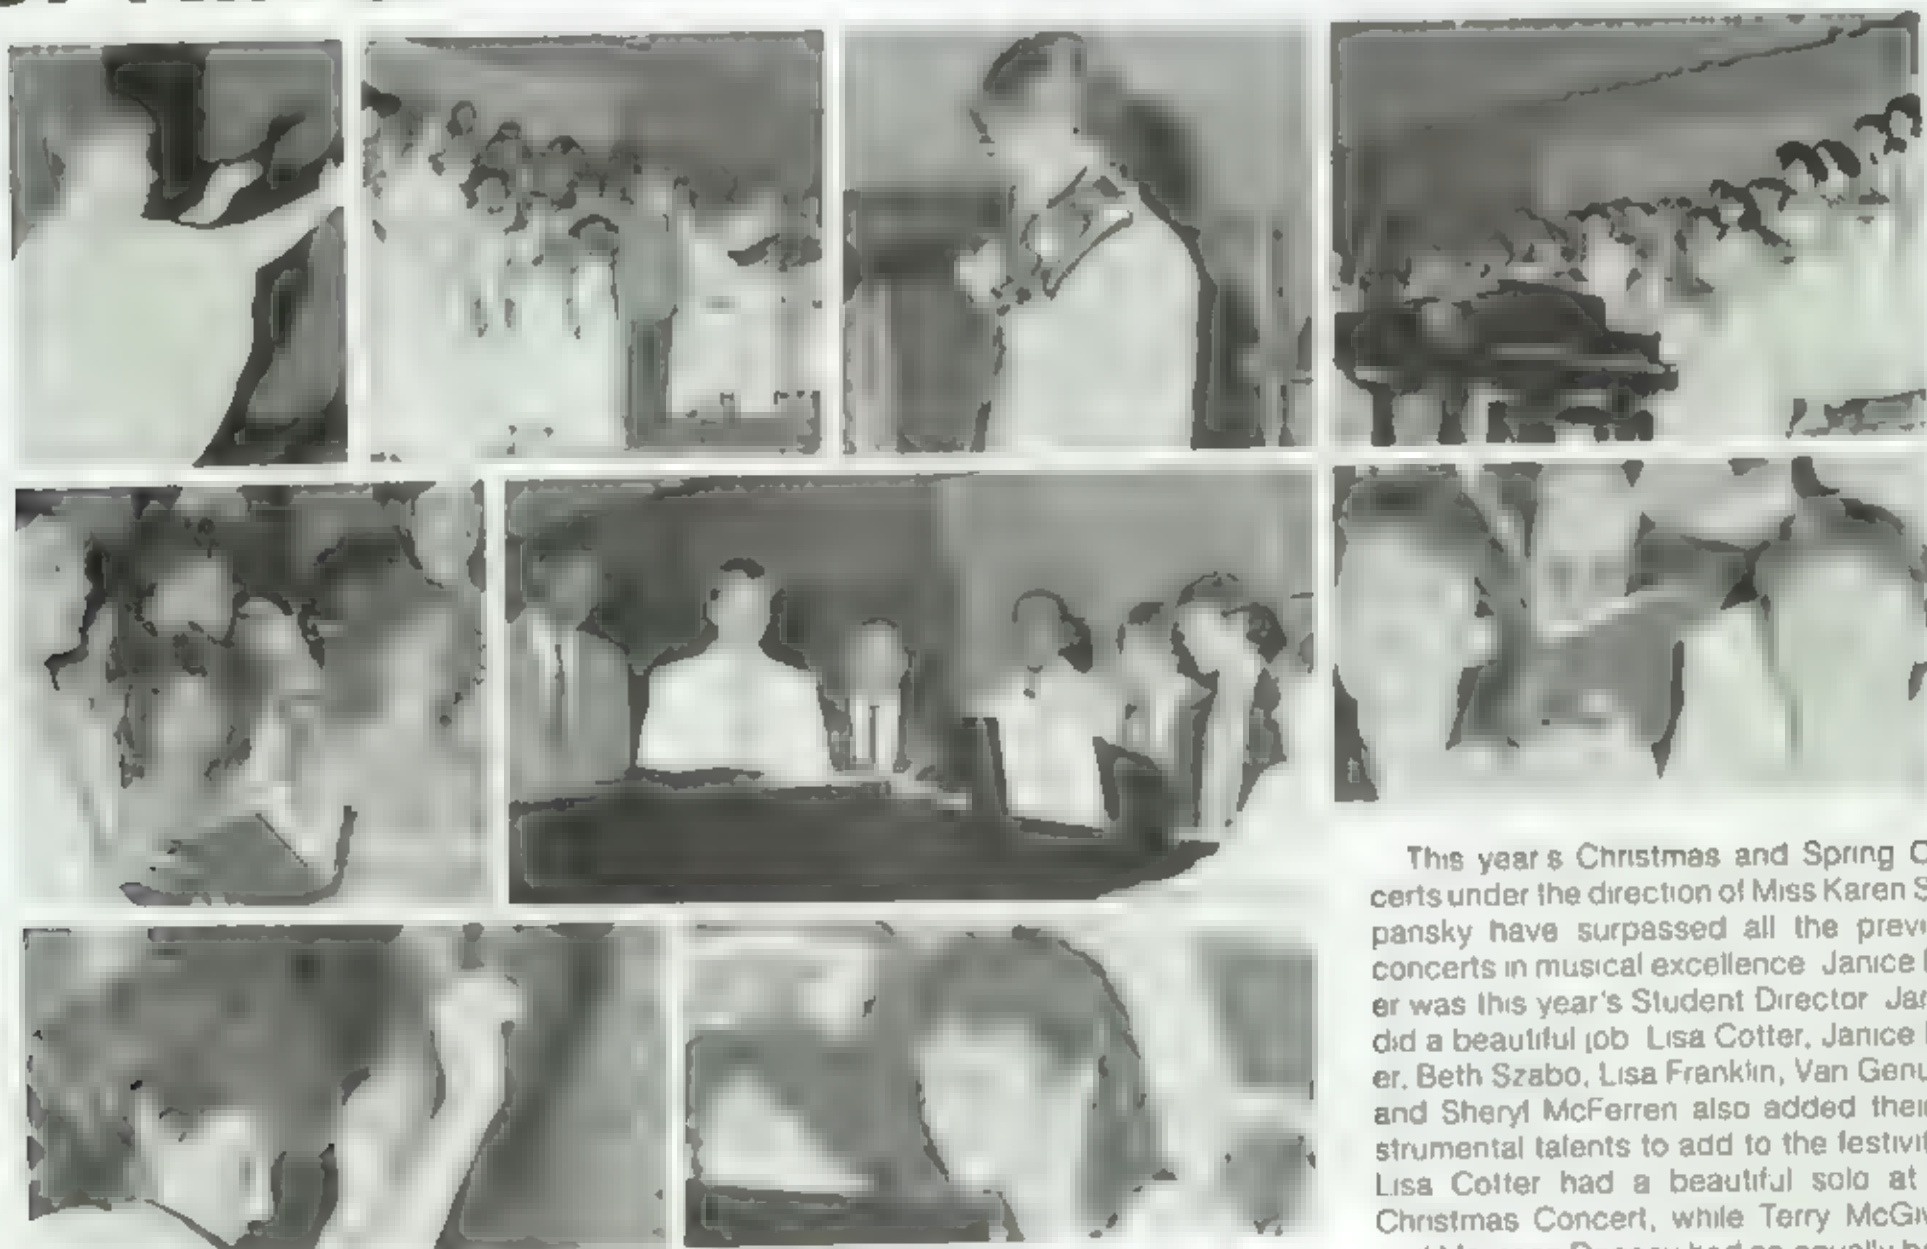

On April 18th, the freshman held a Semi-Formal dance. Many couples danced and ate the night away in the finely decorated cafeteria of Overbrook. Many volunteers helped to turn the normal lunchroom into a spectacular, romantic ballroom. Music filled the air as a good time was had by all who attended.

CHORAL CONCERTS

CHRISTMAS

SPRING

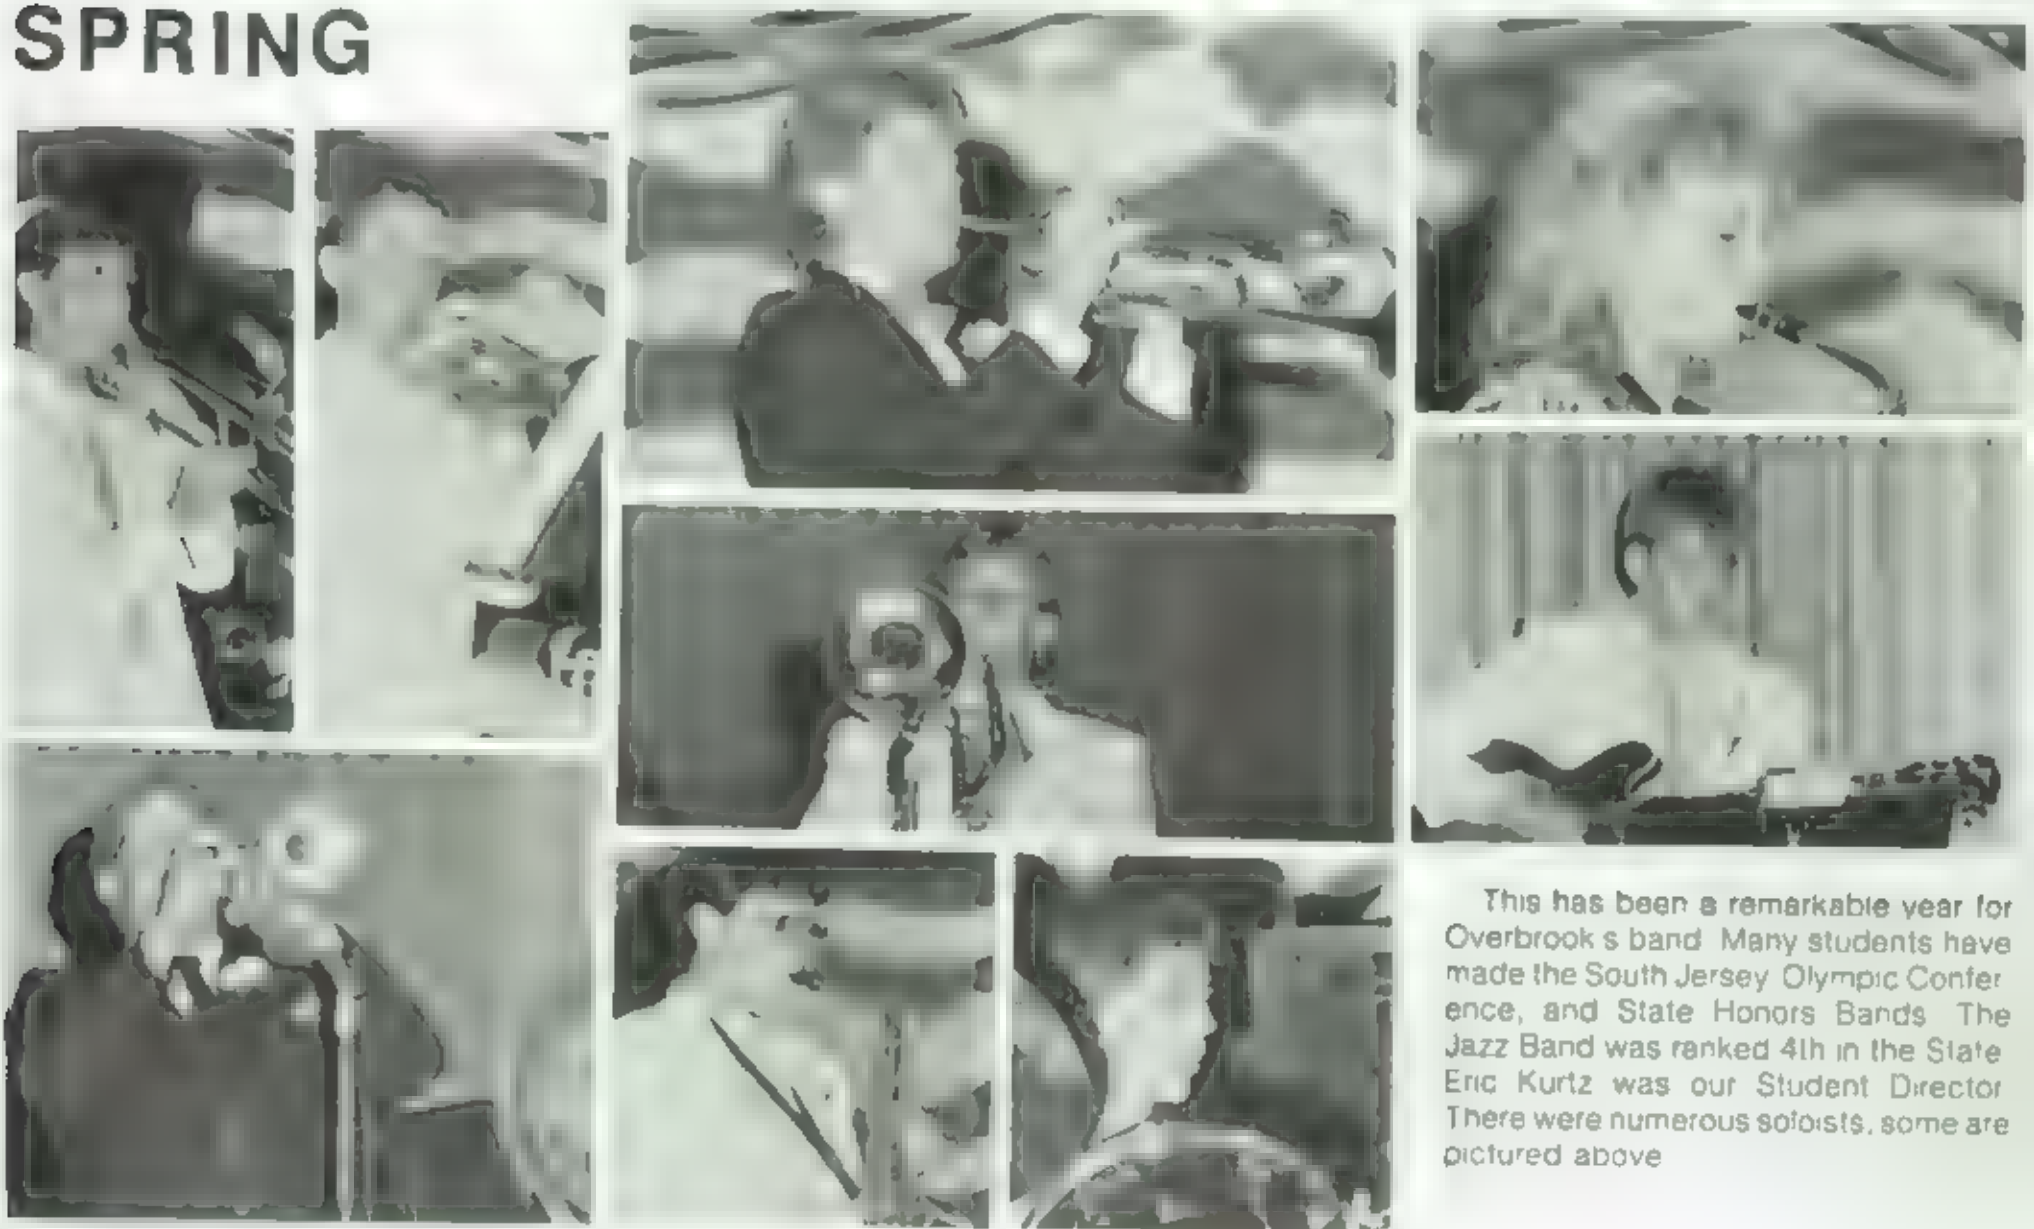

This year's Christmas and Spring Concerts under the direction of Miss Karen Scapansky have surpassed all the previous concerts in musical excellence. Janice Miller was this year's Student Director. Janice did a beautiful job. Lisa Cotter, Janice Miller, Beth Szabo, Lisa Franklin, Van Genung and Sheryl McFerrer also added their instrumental talents to add to the festivities. Lisa Cotter had a beautiful solo at the Christmas Concert, while Terry McGivern and Maureen Deeney had an equally beautiful duet at the Spring Concert.

BAND CONCERTS

CHRISTMAS

SPRING

This has been a remarkable year for Overbrook's band. Many students have made the South Jersey Olympic Conference, and State Honors Bands. The Jazz Band was ranked 4th in the State. Eric Kurtz was our Student Director. There were numerous soloists, some are pictured above.

MERRY CHRISTMAS TO ALL AND TO ALL A GOOD NIGHT!

Halls and classrooms are always decorated to celebrate such a festive season

Santa Claus as Mr Fean

Christmas is a very special time of year. During this season, everyone seems to be full of good spirits, willing to express love toward all. Every year we have an assembly right before Christmas break. Every year this assembly brings us laughter and good cheer to go home with. The assembly itself is run by the student government but the skits and things are done mostly, by the faculty. And what would a Christmas Assembly be without a visit from good old Saint Nick? Thanks Mr Fean for a job well done!

“SENIOR YEAR — FUNNIEST YET!”

Aren't you glad these people are graduating?

The seniors all agree, this year is the best year yet. Just knowing that this is the final year of school, knowing that in June, 12 years of hard work (for some) is over, makes it enjoyable.

For most seniors, their final year is different from what they expected. It was fun, not as demanding and short. Maybe too short; for after it's over, many will long for their high school

days again.

As graduation comes-and-goes — hopefully, the high school friendships will last, the years of companionship endure. But that won't happen. Many seniors will go their own ways and forget. Good Luck to the Class of '86, may they succeed in their endeavors and not lose touch with their high school days.

"It's worth the trip"

Kevin,
I don't know how to say it,
To express my feelings for you.
I know but I couldn't phrase it
That our love is forever true.
We've been through so much together,
We've gone through thick and thin,
But now our love has grown stronger,
With a feeling from deep within.
I'll love you forever and always.
Now I know I can honestly say,
That though I don't always act it,
I love you more each day!

**Love Always and Forever,
Susan**

To my Friends,

I wanted to say some things to a couple of
you, and I thought this would be a good way to
do it.

Dave B. take care of "our" carl Marv, why
don't you get off Jeannie's butt. By the way,
the pink earmuffs were mine. Greg and Aimee,
you guys have been real "buddies". Jeannie,
you're the bestest friend a person could want.
Thanks.

Dilly K., I think you know by now what you
are to me. Words couldn't even express it. Be
good & take care. Remember "If You're Not
Here", 6/12/84, & 10/8/84.

And to my Baby Doll, Marc, thank you for
being you. I don't know what I would have
done w/out you. I'm a cancer, what's your
excuse? Te Quiero. And I MEAN IT!

**Love,
Michele**

Bili & Lynne, thank you for all our adventurous lunches and super conversation. I'll miss you both.

Brandley, you're a super pal. Good luck in athletics and your career. You deserve it. It's been real... BOO!

Shelly Horstmann, to all of our undercover chats and just peachy evenings up at night school. Stay sweet.

To Cindy, Cathey, Michelle, Janeen, Francine, Cinnamon, Missi, Kelly, Bernedette, Lori, Monique and Sherry, don't ever get in my car again. To all our trips to the hospital, they were different.

THE BROOK

Here it is . . . finished at last . . . Another 192 pages of memory all recorded for future years of reminiscing . . .

As always there are a few people that should have been shot along the way and many others that need to be thanked. Some "couldn't be bothered", and some shouldn't have been bothered and others helped pull us through the rough times. A special thanks to those few.

Every year there are special faculty members that help us out by letting us out of class, letting us in late, etc. We appreciated it so much when faculty members help out, it makes things so much easier. We must extend our sincere thanks to special faculty members: Mr. Wright, Mrs. Berosh, Mr. Beck, Mr. Peddle, and Mrs. Karstien. Of course there are others, and we thank them too.

The most supportive, committed, and persistant award for a faculty member must go to Mrs. Potts. Without her we would be nothing and TOTALLY disorganized! All of our love and gratitude goes to her!

To the Seniors: May your future hold all the good things in life.

Thank you,

Lisa Humes
